

# US Enacted Sanctions Against Russia

**WASHINGTON** – It should not come as a surprise that Russian President Vladimir Putin decided to retaliate in kind, after the US Congress passed a bill (subsequently signed into law by President Trump) that includes tough economic sanctions against Russia, as retribution for Russia's alleged interference in the US 2016 elections, and for unrelated issues pertaining to its meddling in Ukraine and more.

## **Punish Russia**

Back in 2016, then US President Barack Obama ordered punitive measures against Russian diplomats stationed in the USA based on US intelligence findings that Russia had actively attempted to interfere in the U.S. elections via hacking and other cyber attacks. The sanctions included the expulsion of a number of Russian diplomats. These sanctions were included in a presidential directive issued by Obama. As such they could have been rescinded by the new president. But now the tougher sanctions have been enacted by the Congress and therefore President Trump will not be able to eliminate them or modify them unilaterally.

## **Putin's reaction**

After the US Congress passed this law containing sanctions, by a huge margin in both houses, Putin decided to get even, as he realized that these are "veto proof" majorities. In other words, even if he wanted to, a more conciliatory President Trump could not have blocked this legislation.

Putin's objective seems to get even. In order to bring the number of US diplomatic personnel in Russia down to the same level of what Russia is allowed to have in the United States, (455), 755 American diplomats will have to leave Russia. This

is a major cut.

### **Impact**

Will this move affect Washington Moscow based diplomats' ability to engage Russia in a meaningful way? Probably yes, even though it is not clear at this time which sectors of the bilateral relationship will be mostly affected by these significant cuts.

Most of all, this sequence of tough actions and counter actions indicates that US – Russia relations are in very bad shape, without any signs of improvements.

### **No Ambassador**

To make things worse, keep in mind that the U.S. currently has no Ambassador in Moscow. Former Utah Governor and now Chairman of the Atlantic Council Jon Huntsman has been nominated by President Trump to fill that post, but he has not yet been confirmed by the Senate.

Once confirmed, will Huntsman, an astute businessman who also served as U.S. Ambassador to China, be able to help turn things around? There are at least some areas in which Washington and Moscow can find common ground. At some point, there will have to be some kind of agreement on the future of Syria. There is also an opportunity to convince Russia that it is not to its ultimate advantage to be on the same side of Iran in the Middle East.

### **Common front on North Korea?**

And finally there is the looming threat of North Korea's long-range ballistic missiles, soon to be armed with nuclear warheads. North Korea's threat is clearly aimed at the USA and its allies, South Korea and Japan. But Russia cannot be too happy with the idea of an unstable regime capable of launching nuclear armed Intercontinental Ballistic Missiles, (ICBMs) at

its door step.

### **The Russia probe cloud**

That said, for the bilateral relations climate to improve, the whole "Russia probe" now led by former FBI Director Robert Mueller must be concluded in Washington. Indeed, whatever the outcome of Mueller's investigations, only after he is done it will be possible to go back to a "normal" dialogue between Moscow and Washington.

That said, in the end, both sides must know that there is nothing to be gained when the two most important nuclear powers on earth do not engage with each other. Nuclear war between Russia and America is a very, very remote possibility. But such a possibility may be increased by misunderstandings and misperceptions.

Notwithstanding the sharp differences between the two countries, open lines of communication are an essential tool that will help prevent fatal errors. And both sides should know that they need competent diplomats in each other's capitals to keep those lines open.
